managed care organizations also reduce costs by limiting choice, which means providing members with a list of doctors from which to choose and lists of labs where tests can be performed.

The FTC and the SEC continue their oversight activities, including SEC's enforcement of the Foreign Corrupt Practices Act.

Hey guys out fighting the good fight too? Make sure you send rape threats to every commenter who disagrees with us. You know that’s our priority.

Organizing requires strategy and cooperation which means a plan.
